Superintendent: don nelson

Contact Person: cyndi prater

Contact Phone Number: 928-701-4491

Contact Email: cprater@miamiusd40.org

School Site: Las Lomas Elementary School

Buildings: 1001 Main

Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

there are four sections of roof at this school, two of which have been previously foamed to eliminate leaks and preserve the structure. we are looking for funding for the other two sections to be foamed. the roof was last completed in 1999-00 school year and is worn out. presently, everytime it rains the southwest corner near the back entrance leaks into the hallway, classrooms and student rest rooms. it will not be long before the failure of the roof will include all ten of the outer classrooms.

Project Category: Roofing

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N

Available Funding Was money to address this issue included in your adopted budget for this fiscal year? ?

Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Current fiscal year building renewal expenditures:	\$0.00
Current balance of unrestricted capital:	\$0.00

Please outline any associated insurance coverage.

our insurance company (the trust) will not cover the cost because they believe that the roof is not in bad shape, they think that caulking the peripit walls will suffice.

i must disagree with their assessment because this has been done multiple times with no relief.
